

Practical and positive environmental education for the littlies

Perfect for Kinders, Pre-schools and Childcare Centres!

Environmental Adventures

Children are introduced to the impact they can have on the environment around them through hands on indoor and outdoor garden and waste minimisation activities

Minibeast Safari

A hands-on investigation of the wonderful creatures, their structure and the roles they play in 3 separate habitats: freshwater ponds, forest floor and compost bins, including a dress-up role play.

Wonders of Waste

Students discover and practice what goes in the recycling bin, and go on a wonderful recycling adventure with Kid Can.

Compost Capers

A fun-filled exploration of how to make great compost, how composting works and the important work of compost creatures.

Veggie Gardening

Setting up a garden? Let us run the planting for you! Children discover what vegies need to grow well, what common veggie seeds look like, and we'll run the planting with small groups of children.

Visit us or we'll come to you!

Visit our purpose-built Environmental Education Centre in Moorabbin or we'll bring the fun to you! Partner with other local kinders so we can visit you all on the same day!

Make a booking today

Morning or afternoon sessions available. Please use our online booking form to get started and our staff will contact you to confirm. Visit www.gould.edu.au and click on School Excursions.
