Gould League Resources & Books 2010-2011

Using ICT, Maths, Science, English and The Arts to support environmental & sustainability education

Interactive Whiteboard Activities

Free and ready-to-use, straight from our website! Visit www.gould.edu.au and click on Interactive Websites.

Foodwebs Online – Discover the web of life through these online click and drag games featuring Australian, African, Antarctic and marine foodwebs. Perfect for interactive whiteboard classes and an international favourite. Explore the whole Foodwebs site for a range of science-based activities.

Australian Wildlife Cams – peek inside the Sugar Glider's nestbox via streaming video live from LaTrobe Sanctuary or watch pre-recorded nestbox action. Participate in online wildlife research through our interactive clickable graph. Is the Sugar Glider grooming, sleeping or playing? Features four live wildlife cams for Red Bullants, Kookaburras and Bats.

Chawk! Teacher E-Newsletter

Sign up now to Chawk! our once-a-term e-newsletter specially for teachers and schools. Be the first to find out about newly available sponsored program places, excursion and resource news, and the general buzz in environmental education.

Visit www.gould.edu.au

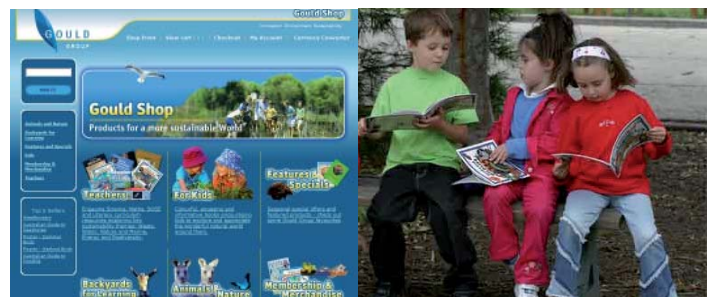

Wildscape – planning a new garden to attract frogs, lizards, butterflies or birds? This amazing landscape design tool helps you match native animals to the plants they love, select plants appropriate for your bioregion and create a virtual online plan with a simple drag and click interface – work together as a class. Includes activities for kids and teacher resources.

Climate Education Garden Online – Our educational garden comes to you online. Our interactive map tours the Gould League garden presenting video tips, practical projects and curriculum.
